

~*~*~MEET A MEMBER MONDAY!~*~*~

Meet esteemed chapter member, Brian Lozell, CPM®, Vice President at Associa Chicagoland. Brian joined IREM for the career advancement with the CPM program and the networking with other industry professionals.

Brian shares that his real estate journey started “in the early 90's as a leasing agent at a small rental community in Florida earning \$18k/yr. I moved to Chicago in 1994 and I've never looked back. I have worked for several condominium management companies, including my own, and I've learned something valuable from each employer and the people that I've worked with. None of it would have been possible without my IREM connections and more importantly my involvement as an IREM volunteer at the Chapter and National level.”

He had previously worked as Director of Business Development at IREM HQ for over five years and is a current IREM instructor so you may see his name pop up when you are registering for your CPM courses.

We are so lucky to have Brian in our chapter. Be sure to stop and say “Hi” when you see him at the next chapter event.
