This IREM Chicago Industry Partner Spotlight profile features chapter partner Beverly Companies.

Founded in 1999 by President and Owner, Jim Esposito, with humble beginnings as a teenager pushing a lawn mower for his first clients in the Beverly neighborhood of Chicago, Jim has facilitated significant company growth over the last 23 years and cultivated a team of industry professionals who excel in communication, technology, customer care and, most importantly, **QUALITY SERVICE!** Our team has one goal: to provide efficient and superior property management services.

Beverly has become one of the most respected snow & ice management and landscaping companies in Chicago, Surrounding Suburbs and Northern Indiana. Beverly Companies services numerous commercial sites including medical, office, industrial and retail facilities. Our team strives to provide top notch customer service, and we continue improve, grow and nurture our customer base, our equipment inventory, and our management personnel.

Our organization has the capability to not only provide incredible landscaping install and maintenance services, but also provide superior tree service, concrete installation, pavement maintenance, and bulk topsoil supply services.

In addition to our corporate office located in Markham, IL, we have additional locations in Monee, Naperville and Chicago. In the winter season Beverly has also secured strategically located satellite facilities for storage of equipment and materials for our winter operations, including Alsip, Oak Lawn, Schaumburg, Westmont, and Warrenville. We will continue to add to this list to improve our service capacity.

Our sales team is eager to explore new opportunities with you to provide fantastic property management services. Give us a call at 708-331-4911 or email us at [Info@beverlycompanies.com](mailto:Info@beverlycompanies.com) today!
