This IREM Chicago Industry Partner Spotlight profile features BluSky Restoration Contractors which recently merged with J.C. Restoration and will continue to offer the best around-the-clock restoration and emergency mitigation services for properties affected by water, fire, smoke, mold, or storms in the Greater Chicagoland area all under the BluSky family umbrella. Plus, they are now able to provide commercial roofing and healthcare restoration services!

BluSky Restoration Contractors has grown from a privately-owned Colorado startup in 2004 to one of the largest national restoration firms in the United States, now operating 46 offices in 19 states from coast to coast. BluSky is a full-service restoration, renovation, environmental and roofing provider for properties damaged by water, fire, storms and other disasters across the nation. 2022 plans to bring even more growth across the country, adding the most qualified team members - cementing us as the premier restoration provider in the United States.

Regardless of the scope of your disaster restoration, renovation, environmental, or roofing project, your need, or your industry, BluSky has the experience, resources and passion to get you out of a bad situation and back in business. Whether you need help with water mitigation, fire and smoke damage, asbestos removal, biohazard cleanup, environmental cleanup, or mold remediation, we work whenever you need us, wherever you need us across the U.S. Just ask our customers. 96 percent say they would hire us again, which tells us we're doing a pretty good job of achieving our goal to raise the bar for disaster restoration services.
