

~*~*~MEET A MEMBER MONDAY!~*~*~

Meet David Herrera, CPM®, Property Manager with Farnsworth-Hill for the past 9 years and currently managing office buildings, retail centers and apartment properties.

David originally found IREM while researching industry certification possibilities and is now enjoying the networking with our inspiring members, volunteering with the IREM Cares committee along with the educational opportunities IREM offers.

For David real estate was a family thing. He flipped houses with his dad and helped manage the homes that they owned.

FUN FACT: David owned his own construction company with his dad for 3 years and purchased his first investment home at the age of 24!

We are so happy to have David in our Chicago Chapter!
