

~*~*~MEET A MEMBER MONDAY!~*~*~

Meet one of our chapter's newest ARM® recipients, Gerda Varkuleviciute, a property manager currently managing apartment properties with Tandem Inc. Gerda joined IREM at the urgings of Kimm Donnelly at Tandem for the career advancement opportunities that being a member of IREM offers. She is also looking forward to the networking and volunteering aspects of our chapter.

Gerda shares with us that her inspiration to enter the property management field was from an experience she had while looking for an apartment. She said the leasing agent she was working with was so unhappy even though they were showing her such a beautiful property. It was then and there that she decided to become the person that builds community and lifestyle that everyone dreams of.

Fun Facts about Gerda:

- She splits her time between Chicago and Michigan offering her city life and lake life.
- She is a huge pet lover
- She is a world traveler and speaks three languages!

We are so excited to have her in our chapter. Be sure to give Gerda a big WELCOME and a big CONGRATULATIONS on achieving her ARM® the next time you see her at a chapter event.
