

~\*~\*~MEET A MEMBER MONDAY!~\*~\*~

Meet Jessica Payne, Assistant Compliance Director with Tailor Made Property Services, who is currently managing co-ops and condo properties, and one of our most recent ARM® installs. She joined IREM to gain more knowledge and experience in real estate and that she has done! She and 14 friends, family and colleagues attended the March Chapter meeting to help us all celebrate her ARM® achievement.

Jessica was inspired to enter the property management career having previously lived in a cooperative and feels this gives her the unique experience to help her in managing them. Now, as a member of the Chicago chapter and with her ARM certification, Jessica has the opportunity to make new connections and continue to build her real estate career.

Jessica's motto and advice for others in the industry: "Don't be afraid to make mistakes and most importantly learn from them so that you can help others as they start their journey."

**FUN FACT** about Jessica: Alongside her busy career she makes time to give back as a youth leader at her church.

We are so excited to have Jessica in our chapter and really look forward to watching her soar in her property management journey.
