

~\*~\*~MEET A MEMBER MONDAY!~\*~\*~

Meet James Wippel, a property manager with Sudler Property Management, who recently joined our chapter and recently was awarded the Donald M. Furbush, CPM® IREM Foundation Scholarship!

Jim was referred to IREM by some colleagues who recommended the networking and career advancement opportunities IREM provides. Jim currently manages condo and HOA properties and was drawn to the industry because “Property Management and Asset Management are valuable services to property owners.

Globally, large urban cities have projects of population growth through 2050. This increases the demand for large, vertical multi-family properties for apartments and condos with hotel-like amenities, he says.”

In his free time Jim enjoys being active and playing basketball, tennis, running, and weight-lifting. He is a former hospitality professional (hotels and restaurants) who is passionate about cooking and trying new recipes. He has also lived in Stockholm, Sweden area for nine years and London, England for two years.

What an exciting path that led him to our chapter! WELCOME JIM!
