

~*~*~MEET A MEMBER MONDAY!~*~*~

Meet Jake Hiestand, a Finance student and one of our newest Student members! Jake found IREM through a Google search and is excited about being part of the Chicago chapter, especially the networking, business development, career advancement, volunteer opportunities, and the chance to meet inspiring people that come with it.

Jake says he was drawn to real estate because "I am interested in rental property investing and building a career in real estate."

FUN FACT about Jake: He is Vice President of the Dominican University Finance Club!

We are so happy to have him in our IREM Chicago chapter and look forward to getting to know him at upcoming chapter events and gatherings.
