

~*~*~MEET A MEMBER MONDAY!~*~*~

Today we are featuring one of IREM Chicago chapter's past presidents, Kris Cramer, CPM® Senior Property Manager at Colliers International. She is currently managing Bell Works Metroburb property.

Kris first heard about IREM at her first Property Management job with Trammell Crow. She joined mostly to get her CPM for the career advancement, but then became involved in the volunteer opportunities and committees and it grew from there.

Kris shares the journey that brought her to the real estate industry: " Due to my love of buildings and architecture, I knew I had to work in Real Estate so, I took the first job that Trammell Crow posted in the mid 80's in accounting and moved my way up into property management. I then transferred to Milwaukee and worked for several different Real Estate companies and gained knowledge from each one. This is where I became involved in IREM, which helped me with my connections and career. I began on committees and then joined the Milwaukee Chapter board, I then moved back to IL and jumped right back into IREM in Chicago. It is the best way to connect with people when you are new or returning to the industry. I was the Chicago Chapter President in 2014 & 2019 and the RVP in 2020-2021 and continue to volunteer on National committees for IREM."

Did you know...Kris loves taking trips on their motorcycle, hiking and camping?

Thanks for letting us get to know you a little better Kris!
