

~\*~\*~MEET A MEMBER MONDAY!~\*~\*~

Meet Lacy Correa, Maintenance Manager at Chicago Apartment Place, IREM Chicago Chapter CPM Candidate, and recent recipient of the Donald M. Furbush, CPM® IREM Foundation Scholarship. She became interested in IREM after seeing several colleagues who had completed their CPM certification and had to see what IREM was all about. Lacy is looking forward to the business development and career advancement opportunities that come with being an IREM member.

Lacy shares what led her to where she is now in the industry, “I began my career managing 80 units entirely on my own. This was challenging as I had little experience, and no mentors to guide me. I oversaw the repair of a gas leak, which had caused 80 units to be without heat. As stressful as this was, I realized that I had skill in dealing with maintenance and finding resolutions. Three years ago, I came to my current company as Maintenance Manager overseeing everything from routine maintenance, small remodeling projects, staffing, & building emergencies.”

In her free time between soccer games and swim class for her two boys she is likely reading or writing or signing up for a 5k. We are so happy to have Lacy in the IREM Chicago Chapter and all look forward to getting to know her better at the upcoming chapter events and gatherings.
