Landscape Concepts Management (LCM) is one of the Midwest's premier commercial landscaping companies, proudly serving Chicagoland, Kenosha County, and surrounding Midwest communities. For over 40 years, we have partnered with commercial properties, HOAs, municipalities, retail centers, healthcare facilities, and corporate campuses to create and maintain exceptional outdoor spaces.

Our comprehensive in-house services include commercial landscape maintenance, landscape construction, landscape design & installation, tree care, irrigation, seasonal color installations, turf & plant health care applications, and snow & ice management. With dedicated account managers, certified experts, and award-winning solutions, we deliver proactive, long-term care tailored to every property's unique needs.

At LCM, we don't just maintain landscapes — we create landscapes for life. **Contact our team today** to learn how we can elevate your property with responsive service and customized landscaping solutions.
