

🌟 New Member Spotlight 🌟

Please join us in welcoming Melissa Gullatte to IREM and the Chicago Chapter!

Melissa is a Floating Operations Assistant with Trinity Property Consultants, where she works with conventionally financed apartment communities. She joined IREM after being referred by Kristen Sarkisian, also with Trinity Property Consultants, and was motivated by the opportunity to grow professionally and connect with other industry peers.

Melissa was also one of the Chicago Chapter scholarship recipients for the recent ARMTRK course, and she quickly made her mark by becoming the first in the class to take and pass her ARM exam! 🎉 She is pursuing the ARM certification to strengthen her expertise in residential property management and to build on the skills she has developed through hands-on experience. For Melissa, property management isn't just routine work—it's an opportunity to positively impact residents' daily lives and support strong communities.

In her role, Melissa enjoys the balance of operations, customer service, and problem-solving, along with building meaningful relationships with residents and team members. She is excited to engage with the IREM community through its education, resources, and professional network, and looks forward to continuing her professional development while contributing to the industry.

When she's not working, Melissa loves to travel and recently had the opportunity to watch her daughter dance in London—a truly memorable experience! ✈️ 🎭

👏 Congratulations, Melissa, and welcome to IREM! We're excited to see all you accomplish as part of our community.
