Meet Narcis Oros new IREM Chicago chapter member that was referred to IREM by IREM Chicago Industry Partner Mandy Manalli of CELTIC Restoration Group. Narcis is currently the Director of Residences & Owner Services at The Trump International Hotel & Tower.

Narcis shared with us what inspired him to enter the property management field, “As a condo property manager, I thrive on the balance of overseeing properties and supporting people. The role offers diverse responsibilities, from leadership and budgeting to conflict resolution and organizing community events. It’s rewarding to directly impact residents’ quality of life by solving challenges, maintaining properties, and fostering community. This dynamic field allows me to channel my passion for real estate and community building into meaningful, impactful work every day.”

When he isn’t hard at work making life better for others he enjoys spending time with his family, playing sports, doing outdoor activities, and traveling.
