This Industry Partner Spotlight features family owned and operated, Painters USA was founded in 1976 to provide the highest quality painting & flooring coating services, simply put, our mission is to enhance the community and lives of our employees, clients and vendors, one brush stroke at a time. We pride ourselves on serving commercial and industrial property managers who are frustrated with having to babysit their current contractors, sick and tired of projects not getting done on time and worried the final product won't be of the highest quality.

From our headquarters in Glendale Heights, IL we are able to be your one-stop-shop for;

- Industrial & Commercial Exterior and Interior Painting
- Epoxy Flooring and Floor Repair
- Concrete Polishing
- Industrial Cleaning
- and many other projects including make ready work, sandblasting and staging/scaffolding work

Painters USA is a certified, minority(woman) owned business. We service all of Chicagoland as well as the Dallas and Houston markets. And we have a national reach if the project makes sense. We perform all of our work in-house and choose not to subcontract due to the stringent safety regulations in our industry.

Our goal is to make our customer's life easier and help them look like Rock Stars in front of your tenants and owners. And we strive to bring every project in on time and on budget.

Don't take our word for it though… check out our links below:
