

~*~*~MEET A MEMBER MONDAY!~*~*~

Meet Shari Vass®, Vice President of Braeside Community Management and long-time IREM Chicago member. Shari originally joined IREM for the Business Development aspect but has really come to enjoy the diverse membership community and has learned so much from so many of our members.

Shari entered the property management industry because she always felt she could make things better and feels it is a privilege to do what she does every day. In her spare-time she reclaims abandoned bicycles and recycles them. She works with people who are trained to service them and the bikes are then given to deserving young adults. What a wonderful service to her community!
