This IREM Chicago Industry Partner Spotlight profile features our 2019 Industry partner of the Year, Smart Elevators. For over 15 years Smart Elevators has provided "boutique" elevator and escalator services to property managers throughout Chicagoland, offering maintenance, modernization, new installation, repairs and interior cab design.

Owner Suzy Martin entered the industry with just one technician and today her company has over 30 employees, including some of the best mechanics in the region. As an independently-owned business, Smart Elevators is able to provide a level of personal attention and customer service that larger companies cannot.

Suzy and her team of experts go above and beyond to ensure their clients are taken care of and their elevators are safely working as they should. www.smartelevators.com
