This IREM Chicago Industry Partner Spotlight profile features Weathershield. The premier commercial property maintenance company that has been protecting and repairing building exteriors since 1986.

Our highly-trained service teams are conscientious, and efficient. They make sure to listen to your needs, and become advocates for you, your building, and its longevity. We consult with property managers, engineers and architects to provide the most cost-effective solutions to fulfill your property's needs.

We at Weathershield believe that relationships are the most important part of our business. We are advocates for our clients. We help building managers be more efficient, cost conscious, and detail driven through Weathershield's proven solutions and experience. We strive every day to create satisfied customers that are willing to go out of their way to recommend our services to others. We know the facade of your building is an integral part of the safety and security of its inhabitants, it is also the heart of its personality.

At Weathershield we recognize and understand not only the architectural beauty, but also the required functionality of the exteriors of a property. Whether it's tuck-pointing or masonry sealing, foundation waterproofing or window caulking, we have the solutions and warranties that will fit your budget and the problem. We know one loose brick can illicit huge fines from the city, just as fast as a small water leak can cause tens of thousands of dollars in damage and necessary repairs.

We surround ourselves with smart, talented, passionate people with the best tools and approaches at your disposal. Understanding your requirements, objectives and final scope of work is important to us. We listen and work together to create a truly unique approach to every job, with the customer in mind. The true functionality of your building is our number one priority.

We provide the following services for your properties. Please feel free to contact me at <mailto:pglenn@weathershield.us> for any of your exterior façade maintenance needs.

- ***Caulking***
- ***Masonry Restoration/Tuck Pointing***
- ***EIFS Repairs***
- ***Waterproofing***
