This IREM Chicago Industry Partner Spotlight profile features a returning partner: Westside Mechanical Group. A recognized leader in mechanical services in the Chicagoland area offering 24/7/365 emergency services, and excellent preventative and full-service maintenance programs customized to meet your needs. Westside was founded in 1970 and just celebrated their 50th anniversary four years ago!

Their service coordination utilizes state-of-the-art technology to help manage and run over 30 service technicians on the streets everyday servicing customers. They offer 24-hour service, navigation on their trucks, with their service technicians working paperless, utilizing iPads for all work orders, service calls and maintenance inspections.

The Mission at Westside is simple: "Hire the absolute best people, provide them with unparalleled training, encouragement and support, and together deliver the best possible product and service to our customers, always striving to exceed their expectations."

They are so excited to be IREM members again and look forward to building new relationships at all future events! Please reach out to Caitlyn for all your HVAC needs:
